

My Vintage Turntable

BCC Fall 2022
Angel Rittenburg

[CLICK THE TITLE FOR THE PRESENTATION]

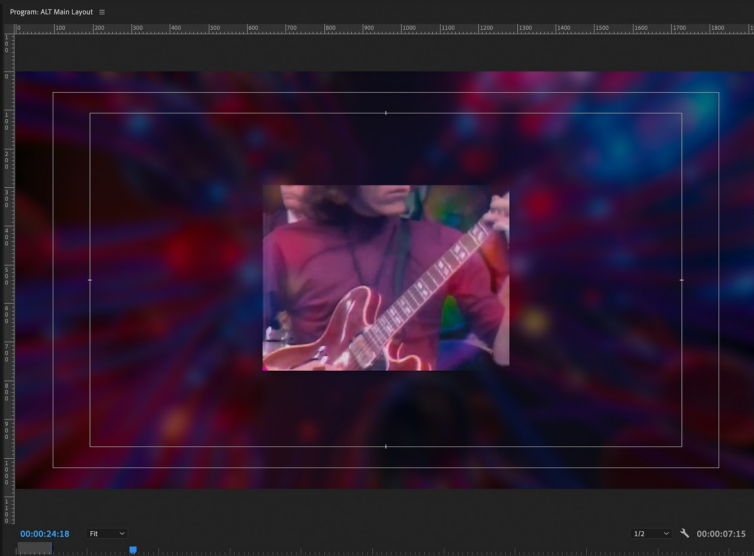

My Project Idea

This is a video I created during summer break, and it will open my video.

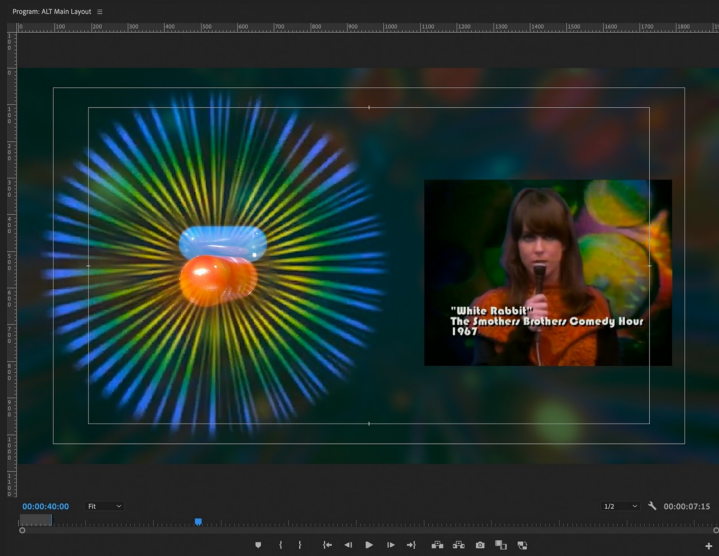

The movie is created in C4D.

Here are some screenshots from the video in progress...

This was cool... found a cool free background video that i tweaked in Premier with some effects and a blur!! And COLOR changes!!

when the vid happens you will see the mask track the camera.

I made the pills in C4D. Timing it to hit the lyric was actually easy for this project. The zonk will get reworked, its a placeholder now but was done in After Effects.

With a Special Reveal at the end of the video ...

Cathy & Grace

Promo pieces - to be used on FB, IG, etc like below:
